DESCRIPTION

The Longboard is the world's first and only 2 in 1 home ironing board.

It features a generous ironing surface for regular ironing and an extension piece for oversized pieces like tablecloths and linens. A snap to install, the extension's shape is also ideal for the dedicated quilter or knitter.

Each Longboard comes with two cover pads. For peace of mind, there is a heat and fire resistant insert at the end of the Longboard cover so you can rest your iron directly on it.

Like all Reliable™ products, the Longboard is built to last. A treated galvanized work surface is covered with a mesh screen ensuring maximum passage of steam. Each unit is also equipped with a catch tray and a support that holds a steam station or a stand-alone iron.

BEST USED FOR

Clothing (all types)
Quilting, knitting
Tablecloths and linens
